**PETITION UNDER 37 CFR 1.84(a)(2) TO PERMIT USE OF
COLOR DRAWINGS IN UTILITY APPLICATION**

Mail Stop Patent Application
Commissioner for Patents
P.O. Box 1450
Washington DC 20231

Sir:

Pursuant to 37 CFR 1.84(a)(2), the undersigned attorney hereby petitions the Commissioner to permit the use of color drawings in the second, third and fourth sheets of drawings for the application filed herewith.

An important embodiment of the invention claimed is this application is an electrophoretic display which, under appropriate conditions can be rendered essentially transparent so as to permit viewing of a colored backing member provided behind the display. A black opaque mode of such a display is shown in Figure 5, a fully transparent mode in Figure 6, and intermediate modes in Figures 7 and 8. The undersigned attorney has found that monochrome copies of these Figures are highly unsatisfactory as not showing the gradual development of transparency and the accompanying revelation of the colored backing member. Accordingly, it is considered that in this instance the use of color drawings (actually photographs) is required for proper illustration of the process of the invention.

In accordance with 37 CFR 1.84(a)(2), there are filed with this application one complete set of all five sheets of drawings (sheets 2-4 of which are the photocopies required by 37 CFR 1.84(a)(2)(iii)) and three sets of the three sheets of colored drawings.

**LETTER RE FORMATS OF SPECIFICATION AND
APPLICATION DATA SHEET**

Mail Stop Patent Application
Commissioner for Patents
P.O. Box 1450
Washington DC 20231

Sir:

The undersigned attorney was preparing the above application for electronic filing today (as required to claim benefit of Application Serial No. 60/419,019, filed October 16, 2002) when he determined that it was necessary to use color drawings in this application, and hence that it would not be possible to file this application electronically. In view of the urgency of this matter, the specification and Application Data Sheet filed herewith are in the format generated by ePAVE 5.1 software. It is the attorney's understanding that the Office has no objection to receiving paper copies in this format, even though it differs somewhat from that generated by most word processors. The undersigned attorney will of course be pleased to supply a substitute specification and Application Data Sheet if the Office deems this necessary.
